CERTIFIED TRUE COPY

This matter was opened by the New Jersey State Board of Dentistry ("Board") upon the application of Michael Honrychs, D.M.D. ("respondent"), seeking removal of remaining restrictions on his license. The Board in 1997 temporarily suspended respondent's license based on his use of illegal substances, specifically cocaine, and permitted him to return to practice with restrictions by order dated February 18, 1998. That order was modified by the Board's letter of December 18, 2000, and the Board's Order of August 1, 2001.

On September 18, 2002, respondent appeared before the Board with Louis E. Baxter, Sr., M.D., Executive Medical Director of the Physicians Health Program of the Medical Society of New Jersey ("P.H.P."), to discuss his continued recovery. The testimony of

both respondent and Dr. Baxter demonstrates that Dr. Honrychs has been in more than five and one half years of continuous recovery, has been compliant with past Board orders and P.H.P. requirements, and has a strong commitment to his continued recovery. As such, the Board has determined that removal of the previously imposed restrictions is warranted and is consistent with the public health, safety, and welfare.

THEREFORE, IT IS ON THIS 25th DAY OF September, 2002,

ORDERED that restrictions and requirements imposed by prior Board orders are removed effective immediately.

New Jersey Board of Dentistry
